

08:00 – 09:00	Registration (WLB103)		
09:00 – 09:40	Opening Ceremony (WLB 103)		
09:40 – 11:00	Plenary Session 1-A (WLB 103) Chairpersons: Prof. Zhao-Xiang BIAN and Prof. Tai-Ping FAN		
09:40	PS1.1	Studies on the Biological Constituents and Quality Control of Lignum Aquilariae Resinatum (Agarwood) Prof. Peng-Fei TU (China)	
10:00	PS1.2	How to Identify Bioactive Combinatorial Components from Herbal Medicines Prof. Ping LI (China)	
10:20	PS1.3	From TCM Comprehensive Analysis to Quality Standards Prof. De-An GUO (China)	
10:40	PS1.4	Comparison of Acupuncture Clinical Trials between English and Chinese Publications Prof. Jian-Ping LIU (China)	
11:00 – 11:15	Coffee Break (Exhibition Hall A)		
11:15 – 12:35	Plenary Session 1-B (WLB 103) Chairpersons: Prof. Zhao-Xiang BIAN and Prof. Tai-Ping FAN		
11:15	PS1.5	The Decline, Renaissance, Fall, and Reemergence of Herbal Medicine in Western Culture Prof. Roy UPTON (USA)	
11:35	PS1.6	Europe Today, China Daily, News about Traditional Chinese Herbal Medicines in Europe Dr. Emiel van GALEN (The Netherlands)	
11:55	PS1.7	Introduction of TCM into the European Pharmacopoeia Prof. Gerhard FRANZ (Germany)	
12:15		Discussion	
12:35 – 14:30	Buffet Lunch (Renfrew Restaurant)	Poster Presentation (Exhibition Hall B)	World Journal of Traditional Chinese Medicine Editorial Committee Meeting (by Invitation Only) (WLB 211)
14:30 – 16:10	Parallel Session 1-A : Clinical Medicine (WLB 103) Chairpersons: Prof. Mei WANG and Prof. Zhong-Mei ZOU	Parallel Session 2-A : Pharmaceutical Sciences (WLB 104) Chairpersons: Prof. Burt KROES and Prof. Zhi-Xiu LIN	Parallel Session 3-A : Compendium of Materia Medica (WLB 210) Chairpersons: Prof. Hu-Biao CHEN and Prof. Zhong-Zhen ZHAO
14:30	PA1.1 Chinese Medicine Syndromic Diagnosis for Diabetes Mellitus Prof. Vivian WONG (Hong Kong)	14:30 PA2.1 Indirect Genotoxicity of Herbal Medicines Prof. Pierre DUEZ (Belgium)	14:30 PA3.1 Standardisation of Chinese Name of Chinese Materia Medica Prof. Jia-Lin WU (Hong Kong)
14:50	PA1.2 A Study on Classification of Chinese Medicine by ISO and GB Coding Technology and the Rules Prof. Li-Ping LIAO (China)	14:50 PA2.2 Discovery of the Effective Components of Licorice Prof. Min YE (China)	14:50 PA3.2 The Application and Study of Herbal Medicine Recorded in Compendium of Materia Medica with Efficacies against Senile Dementia and Senescence Prof. Ping WANG (China)

	15:10 PA1.3 Evidence in Practice - the Case for Acupuncture Prof. Nicola ROBINSON (UK)	15:10 PA2.3 Research Development of Chinese Herbal Medicines and Natural Products for Cancer Therapy Prof. Clara Bik-San LAU (Hong Kong)	15:10 PA3.3 The First Record of <i>Bencao Gangmu</i> Introduced to Japan and the Location of Jinling Edition Prof. Makoto MAYANAGI (Japan)
	15:30 PA1.4 Standardisation of Chinese Materia Medica (CMM): The Essential Key for Global Development of TCM Prof. Kelvin CHAN (Australia & UK)	15:30 PA2.4 Ethnobotany Aspects for Collection New Data and Saving Information about Helpful Plants Local Flora Prof. Kirill TKACHENKO (Russia)	15:30 PA3.4 The Contributions of <i>Compendium of Materia Medica</i> to the Safe and Reasonable Application of Traditional Chinese Medicine (TCM) Prof. Quan-Xi MEI (China)
	15:50 Discussion	15:50 Discussion	15:50 PA3.5 The Foundation, Scope and Difficulty in the Research on <i>Compendium of Materia Medica</i> Prof. Jin-Sheng ZHENG (China)
16:10 – 16:20	Coffee Break (Exhibition Hall A)		
16:20 – 18:00	Parallel Session 1-B : Clinical Medicine (WLB 103) Chairpersons: Prof. Vivian WONG and Prof. Jian-Ping LIU	Parallel Session 2-B : Pharmaceutical Sciences (WLB 104) Chairpersons: Prof. Pierre DUEZ and Prof. Min YE	Parallel Session 3-B : <i>Compendium of Materia Medica</i> (WLB 210) Chairpersons: Prof. Hu-Biao CHEN and Prof. Zhong-Zhen ZHAO
	16:20 PA1.5 Systems Diagnose: Bridging Chinese and Western Medicine Dr. Mei WANG (The Netherlands)	16:20 PA2.5 Can Acupuncture Lower Blood Pressure? An Investigation on Spontaneously Hypertensive Rats Prof. Zhi-Xiu LIN (Hong Kong)	16:20 PA3.6 The Framework and Innovative Ideas of the <i>Complete Collection of the Research on Compendium of Materia Medica</i> Prof. Zhi-Bin ZHANG (China)
	16:40 PA1.6 Regulation of Quality Control of TCM Herbs and Herbal Preparations in Taiwan Prof. Yuan-Shiun CHANG (Taiwan)	16:40 PA2.6 Registration of Traditional Chinese Medicinal Products in the Netherlands: Two Success Stories Dr. Burt KROES (The Netherlands)	16:40 PA3.7 Six Progresses in the Study on <i>Shen Nong Ben Cao Jing</i> Prof. De-Qun WANG (China)
	17:00 PA1.7 Electroacupuncture Plus Splinting Versus Splinting Alone for Carpal Tunnel Syndrome: A Randomized Controlled Trial Dr. Vincent Chi-Ho CHUNG (Hong Kong)	17:00 OP1.3 Traditional Medicine, Natural Products, MMPs and the Molecular Basis of Therapeutics Prof. Bipin NAIR (India)	17:00 PA3.8 Chemical Chinese Materia Medica Prof. Jia-Gang DENG (China)
	17:20 OP1.1 On a Nomenclature Appropriate to Orientation for Chinese Medicines Prof. Bo-Ying MA (UK)	17:15 OP1.4 Development of a Novel Phytopharmaceutical Medicine Derived from Traditional Chinese Medicine for the Treatment of Parkinson's Disease Dr. Sven SCHROEDER (Germany)	17:20 PA3.9 Qi Flavor of Chinese Medicine and Herb Aromatherapy Prof. Yung-Hsien CHANG (Taiwan)
	17:35 OP1.2 Integrated Evidence Chain- based Identification of a Well-known Liver- restorative Herb <i>Polygonum multiflorum</i> - Induced Hepatotoxicity Dr. Jia-Bo WANG (China)	17:30 OP1.5 Bioassay of Chinese Herbs for Quality Assessment Prof. Guang-Hua LU (China)	17:40 PA3.10 The Immortal Taoism in Association with the <i>Materia Medica</i> — <i>Collection of Commentaries on the Classic of Materia Medica (Ben Cao Jing Ji Zhu)</i> by Tao Hongjing as An Example Prof. Jia-Kui WANG (China)
	17:50 Discussion	17:45 Discussion	
18:30 – 21:00	Gala Dinner (Renfrew Restaurant)		

08:00 – 09:00	Registration	
09:00 – 10:40	Plenary Session 2-A (WLB 103) <i>Chairpersons: Prof. Ge LIN and Prof. Nicola ROBINSON</i>	TCM Analysis by New Analytical Techniques Workshop (WLB 104) <i>Chairpersons: Prof. De-An GUO and Prof. Gerhard FRANZ</i> <p style="text-align: right;">Sponsored by Agilent Technologies</p>
	09:00 PS2.1 Hepatoprotective Effects of Di-Wu-Yang-Gan Granules and Its Chemical Profiling <i>Prof. Zhong-Mei ZOU (China)</i>	09:00 WS2.1 Metabolomics Coupled with Multivariate Data Analysis in Gastric Ulcer and Intervention Effects of <i>Corydalis yanhusuo</i> Alkaloid <i>Prof. Xian-Sheng MENG (China)</i>
	09:20 PS2.2 Acupuncture for Managing Cancer-related Insomnia: A Systematic Review of Randomized Clinical Trials <i>Prof. Myeong Soo LEE (Korea)</i>	09:20 WS2.2 Profiling Analysis of Low Molecular Weight Heparins by Multiple Heart-Cutting Two Dimensional Chromatography with Quadruple Time-of-Flight Mass Spectrometry <i>Prof. Zhen-Qing ZHANG (China)</i>
	09:40 PS2.3 Natural Medicine-based New Drug Discovery <i>Prof. Shi-Shan YU (China)</i>	09:40 WS2.3 A New Workflow for Precision Quality Control of Traditional Chinese Medicines Using Agilent Multiple Heart Cutting-two Dimension Liquid Chromatography Platform <i>Ms. Rong AN (China)</i>
	10:00 PS2.4 Novel Anti-inflammatory Compounds from <i>Garcinia</i> Plants <i>Prof. Hong-Xi XU (China)</i>	10:00 WS2.4 Multidisciplinary Approaches in Chinese Medicines Research: Case of Coptis <i>Dr. Yi-Bin FENG (Hong Kong)</i>
	10:20 Discussion	10:20 Discussion
10:40 – 10:55	Coffee Break (Exhibition Hall A)	
10:55 – 12:35	Plenary Session 2-B (WLB 103) <i>Chairpersons: Prof. Myeong Soo LEE and Prof. Mei-Hua YANG</i>	TCM Analysis by New Analytical Techniques Workshop (WLB 104) <i>Chairperson: Prof. De-An GUO and Prof. Gerhard FRANZ</i> <p style="text-align: right;">Sponsored by Agilent Technologies</p>
	10:55 PS2.5 Chinmedomics, A New Strategy for Evaluating the Efficacy of Traditional Chinese Medicines <i>Prof. Xi-Jun WANG (China)</i>	10:55 WS2.5 Practice in Quality Control of Ginseng Drugs <i>Dr. Wen-Zhi YANG (China)</i>
	11:15 PS2.6 Comparison of PSORI-CM01 Granule and Yinxieling Tablet for Patients with Chronic Plaque Psoriasis: Pilot Study for a Randomized, Double-Blinded, Double-Dummy Multicentre Trial <i>Prof. Chuan-Jian LU (China)</i>	11:15 WS2.6 Comprehensive Analysis of Isomeric Metabolites Using Liquid Chromatography Coupled with Ion Mobility Quadrupole Time-of-flight Mass Spectrometry and Enzymatic Hydrolysis Method <i>Dr. Hua YANG (China)</i>
	11:35 PS2.7 LC-MS Technology in the TCM: State of the Art <i>Dr. Tao BO (China)</i>	11:35 WS2.7 Chemometric Used in Process Quality Control of Chinese Patent Medicines <i>Dr. Jin-Jun HOU (China)</i>
	11:55 PS2.8 The Evidence of "Qi Drives Blood" <i>Prof. Jing-Yan HAN (China)</i>	11:55 WS2.8 Discovery of Novel Chemical Constituents in Chinese Herbal Medicines <i>Dr. Xue QIAO (China)</i>
	12:15 Discussion	12:15 Discussion
12:35 – 14:00	Lunch (Renfrew Restaurant)	
14:00 – 16:40	Plenary Session 2-C (WLB 103) <i>Chairpersons: Prof. Chuan-Jian LU and Dr. Emiel van GALEN</i>	

14:00	PS2.9	Challenges in Plant Authentication and Quality Control <i>Prof. Monique SIMMONDS (UK)</i>
14:20	PS2.10	The <i>Jun-Shi</i> Medicinal Compatibility Model – A Novel Drug Discovery Strategy <i>Dr. Tai-Ping FAN (UK)</i>
14:40	PS2.11	Herbal Hepatotoxicity: from the Mechanism Study and Biomarker Development to the Diagnosis and Risk Assessment <i>Prof. Ge LIN (Hong Kong)</i>
15:00	PS2.12	Czech Republic as an Example of How to Incorporate TCM into the Western Health System <i>Dr. Jan RUZICKA (Czech Republic)</i>
15:20	PS2.13	Problems and Countermeasures of Safety Evaluation of Traditional Chinese Medicine <i>Prof. Ai-Hua LIANG (China)</i>
15:40	PS2.14	Glycyrrhizin Could Prevent Hemorrhagic Transformation in Ischemic Stroke Model with Delayed t-PA Treatment via Regulating HMGB1-MMP-9 Signaling <i>Prof. Jian-Gang SHEN (Hong Kong)</i>
16:00	OP1.6	RNA Fragments Are Active Components of Ginseng against Myocardial Ischemia Injury in Mice <i>Prof. Zhi-Hong JIANG (Macau)</i>
16:20		Discussion
16:40 – 17:00		Coffee Break (Exhibition Hall A)
17:00 – 18:00		Closing Ceremony and Presentation of Travel Awards and Best Poster Awards (WLB 103)
18:30 – 21:00		Dinner (by Invitation Only)
